Eastern Door Controls, Inc. to locate at Jeannette Industrial Park

Business consolidation will add jobs in Jeannette.

Jeannette, Pa., August 11, 2011 – The Westmoreland County Industrial Development Corporation's (WCIDC) Board of Directors Tom Balya, Ted Kopas, and Charles W. Anderson today approved an option agreement with Mike O'Rourke on behalf of Eastern Door Controls, Inc. for the purchase of approximately 1.00 acre in the Jeannette Industrial Park, City of Jeannette, Westmoreland County.

Mike O'Rourke is President of Eastern Door Controls, Inc., a company that specializes in the selling, servicing and installation of electronic automatic door equipment for the retail, industrial, and healthcare markets. The company plans to construct a new 2,800 – 3,500 square-foot facility. "The purpose of our new building and expansion is to consolidate our current office and remote warehouse into one operating building," said Mike O'Rourke. "It will give us the capability of stocking more material, engineering some equipment, enable us to fabricate our material faster, and create a better working environment for my current and new future staff."

Current employment of the company is 5 employees with expectations to increase to 12 people by 2013. "We are very excited to assist Eastern Door Controls with its consolidation and welcome their expansion and new jobs to the Jeannette Industrial Park," said County Commissioner Tom Balya, who also serves as chairman of the county Industrial Development Corporation.
