

**September is National Senior Center Month – “Masters of Aging” at your Center for Active Adults**

Each year at this time we celebrate National Senior Center Month at 13 Centers for Active Adults throughout Westmoreland County. This year’s theme “Masters of Aging” highlights the many ways centers empower, enlighten, engage, and enrich individuals to master this phase of life.

During September, we encourage individuals of all ages to visit their local Center and learn more about the activities, programs, classes, and meals offered. Mark your calendar today for Center for Active Adults Open Houses. If you’re planning on visiting one of the centers for lunch, please call ahead to reserve your meal.
