Please call for engraving prices:

724-850-6874

Plate Size	Cost
5" x 10"	\$36
9" x 9"	\$38
14" x 14"	\$80

Riverside Design and Plates With Purpose feature a number of designer plates benefiting non profit organizations. CASA's plate features two trees, one full-grown and the other a seedling, which immediately calls to mind the wonderful children's book *The Giving Tree* by Shel Silverstein. The story, about the sacrifices a tree makes to help a young boy, is a fitting metaphor for the work of a CASA volunteer. And the plate, which is made from recycled glass, is shipped in recycled materials, is microwave and dishwasher safe, and is a beautiful representation of CASA's work. Proceeds from the purchase of this plate directly benefit CASA of Westmoreland, Inc. to support our program in advocating for abused and neglected children in Westmoreland County.

In order for the proceeds from this sale to benefit CASA of Westmoreland, Inc., plates must be purchased through the CASA of Westmoreland, Inc. office. To order plates, please fill out the order form below and return to the CASA office at Two North Main Street, Greensburg, PA 15601. If you have any questions please contact Mandy Welty at 724-850-6874 or @co.westmoreland.pa.us
