The Westmoreland County Local Interagency Coordinating Council (LICC) ensures that all families in need of Early Intervention (EI) services are identified and supported, while improving the delivery of services. The LICC gives families the opportunity to be involved in decisions that affect the programs in which their children participate. It also helps plan and support educational programs and recreational activities for families.

The LICC meets at 9:30 am on the second Thursday of each month September—November and February—June at Westmoreland Casemangement & Supports Inc.
