

**Westmoreland County Child & Adolescent Partial Hospitalization Services
Resource Directory and Instructions for Partial Hospitalization Level of Care Recommendations**

What are Child & Adolescent Partial Hospitalization Services? Child & Adolescent Partial Hospitalization services is a nonresidential treatment modality which includes psychiatric, psychological, social, and vocational elements under medical supervision. It is designed for patients with moderate to severe mental or emotional disorders. Partial hospitalization patients require less than 24-hour care, but more intensive and comprehensive services than are offered in outpatient treatment programs. Partial hospitalization is provided on a planned and regularly scheduled basis for a minimum of 3 hours, but is less than 24 hours in any one day.
