## II Section 3 Business Concerns

Section 3 of the Housing & Urban Development Act of 1968 requires programs financed by the U.S. Department of Housing and Urban Development (HUD), to the greatest extent feasible, to provide opportunities for job training and employment to lower income residents in conjunction with projects in their neighborhoods, and to award contracts in connection with these projects to local businesses.

To comply with the requirements of Section 3, recipients and contractors must do the following:

- Make a good faith effort to use Section 3 area residents as trainees and employees in connection with the project;
- Make a good faith effort to award contracts to Section 3 business concerns; and
- Keep records and submit reports to HUD documenting the good faith efforts and the results of these actions.

Actions WCPD takes to address the Section 3 requirements include the following:

- Soliciting applications annually from businesses for inclusion in the Section 3 directory;
- Notifying Section 3 concerns and agencies representing them of upcoming bid solicitations; and
- Including Section 3 language in bid advertisements and contracts.

Businesses listed in this portion of the Directory meet at least one (1) of the following criteria:

1. Are at least 51% owned by Section 3 residents, i.e., public housing residents or low income persons residing in Westmoreland County;
2. Have permanent full time employees, at least 30% of whom are low income or public housing residents; or
3. Have provided evidence of a commitment to award at least 25% of the dollar value of all subcontracts to businesses meeting criteria 1 or 2 above.

## **Section 3 Businesses**

Currently there are no businesses or contractors eligible for inclusion in the Section 3 Directory.

However, the Department of Housing & Urban Development is currently assembling a Nationwide Directory of eligible Section 3 Businesses and Contractors. To consult this Directory please log onto the following web site:
