WHAT IS IT

A warmline is a service for people who are looking for someone to discuss their daily struggles. Warmlines are staffed with peers who have lived experience of mental health struggles themselves and who are open to sharing their stories of challenging situations, recovery, and perseverance.

This is not a Crisis Line. If you are experiencing crisis, please contact your county crisis line or call 1-800-273-8255

Or text HOME to 741741
